面積比

面積比の公式

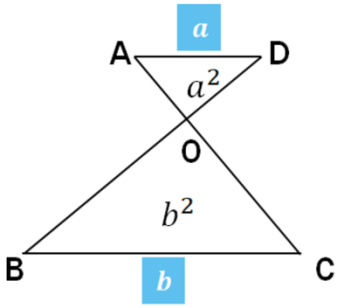

❶底辺の比＝面積比
※高さが等しいので

$\Delta ABD : \Delta ADC = a : b$

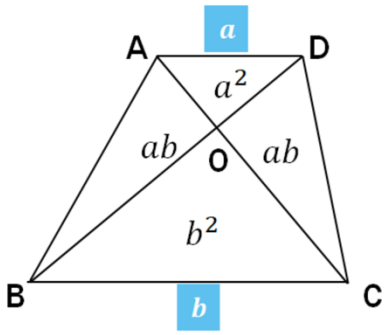

❷相似比の2乗＝面積比

$\Delta AOD : \Delta BOC = a^2 : b^2$

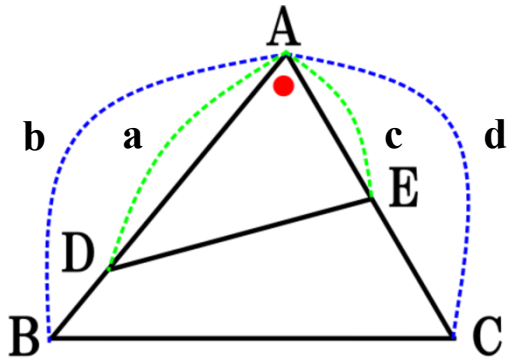

❸合わせ技
※❶❷の公式を組みわせると❸の公式へ

$\Delta AOD : \Delta BOC : \Delta AOB : \Delta COD = a^2 : b^2 : ab : ab$

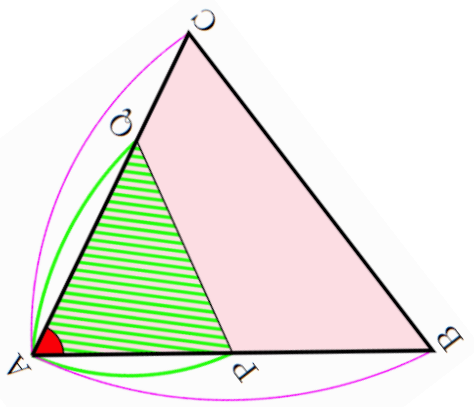

④　挟む角が共通

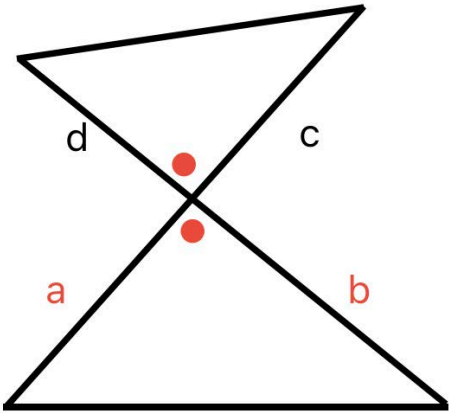

△ABC：△ADE
＝AB×AC：AD×AE

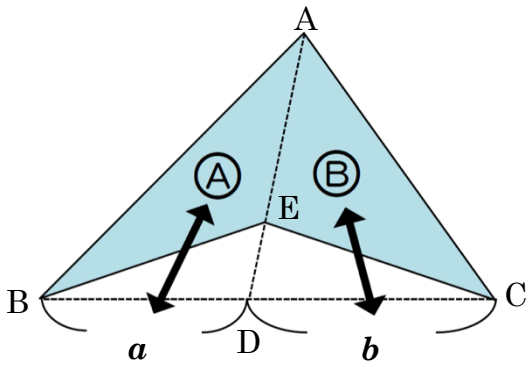

＝ bc：ac

⑤　ブーメラン型

a×b=c×d

△ABD:△ACD=△ABE:△ACE
＝ Ⓐ ： Ⓑ ＝ $a : b$
